

Great news! **The Environmental Defenders** will be visiting our school to teach our students about things they can do to protect the environment. This is a **free assembly** provided by L.A. County Public Works.

To read more about this high energy, interactive, musical assembly, [click here](#).

The Environmental Defenders program provides optional [classroom activities](#) for before and after the assembly.

### [Become a Defender](#)

This interactive web experience features short videos and quizzes on environmental topics covered during the assembly, and a personalized completion certificate students can download.

### [Environmental Defenders: Lesson Plans for K-5 Grade](#)

The Environmental Defenders lesson plans were developed by K-12 science education specialists in Los Angeles County and are aligned with California Common Core Standards, Next Generation Science Standards (NGSS) and California Environmental Principles and Concepts (CA EP&C).

### [Super Environmental Defenders – Take the Pledge!](#)

After seeing the assembly, each classroom will receive a poster with a pledge for teachers to say aloud with their class to express their commitment to protecting the environment. After your students have taken the pledge, please complete the [pledge form](#). Your class will receive membership cards for each student with a personal code to unlock the Super Environmental Defenders section on [EnvironmentalDefendersLA.com](#).
